## Soccer Academy

Welcome to the 2nd annual Falls Soccer Academy! This camp is specifically tailored to two groups: younger players (3rd—6th grade) just learning and refining their fundamental skills, as well as upcoming high school athletes (entering 7th, 8th or 9th

grade); preparing aspiring players for the rigors of stepping up to the High School level.

Each day is based upon a

collegiate level system that will increase your skills, strength and stamina through a variety of drills and fitness ranging from: Individual one player/ one ball work, to small group tactical coordination and small-sided team play. Expect to develop even further with a daily theme focusing on passing, dribbling, defending, possession or shooting.

After a huge turnout last year space is going to be limited so make sure you sign up soon. Come be a part of KNIGHTS history!
